

## #1 - Instructions for Chisel Powder – Colors (Natural Nails)

Have your client wash their hands. Push back all dead skin, cuticles and remove shine

**Step 1:** Apply bond (#1) on the entire nail.

**Step 2:** Apply Base (#2) to 3/5 of the nail, and then dip it into Clear or Natural dipping powder (45 degree angle, and tap off excess powder).

**Step 3:** Apply Base (#2) to 4/5 of the nail, and then dip it into color dipping powder.

**Step 4:** Apply Base (#2) to all nail, and then dip it into color dipping powder (45 degree angle, and tap off excess powder).

**Step 5:** Apply Activator (#3)

**Step 6:** File and shape nails. Use a very fine nail bit to smooth the nail surface. Buff the nail downward one direction only. Have your client washed their hands (make sure all hands are dry completely)

**Step 7:** Apply Activator (#3)

**Step 8:** Apply the first coat of Top (#4) very fast, one stroke only (this will prevent from hard out your brush)

**Step 9:** Re-apply the second coat of Top (#4), you can apply slowly and smoothly, make sure to cover all edges. Let it air dry for about 3-5 minutes.

**Notice:** As needed you can use a brush to remove any excess powders before apply solution.
