

Fast Application.

Polish on Base Coat:

- Shake bottle
- Polish on thin coat
- Cap free edges
- Cure 30 seconds*

Polish on GelColor:

- Shake bottle
- Polish on thin coat (2nd coat will provide true color coverage)
- Cap free edges
- Cure 30 seconds*

Repeat application & cure 30 seconds

Polish on Top Coat:

- Shake bottle
- Polish on thin coat
- Cap free edges
- Cure 30 seconds*
- Wipe with N.A.S. 99

* Cure 30 seconds using OPI LED Light. If using OPI Axxium UV Light, cure Base Coat 1 minute, GelColor 2 minutes each coat, Top Coat 3 minutes.

Simple Removal.

Saturate Expert Touch Removal wrap pad with Expert Touch Lacquer Remover.

Place pad over gel & wrap finger. Cover hands with Expert Touch Salon Mitts and terry towels.

Check after 15 minutes; gently push off gel with Reusable Cuticle Stick.
