

MATERIAL SAFETY DATA SHEET

Section 1 - Identification

Manufacturer: Minako Group Corp
132-08 11th Ave, College Point, NY, 11354
Information Contact: (800)538-6118
Emergency Phone Number: US (800)535-5053

Product Name: WAVE GEL MATCHING™
Chemical Name: N/A
Product use: NAIL LACQUER & NAIL GELS

Section 2: Hazardous Ingredients

Potential Health effects, signs and symptoms of exposure

Emergency Overview
- May cause eye irritations
- May cause moderate skin injury
- May be slightly toxic

Primary route of entry: No Specific information available for this product. Product may cause slight irritation with all routes of entry.

Skin: No specific information available for this product. Contains materials that may cause moderate skin injury (reddening and swelling) and/or sensitization. Prolonged contact may cause blisters (burns). Irritation may not show immediately and/or go unnoticed.

Inhalation: No specific information available for this product. Low volatility makes vapor inhalation unlikely.

Ingestion: No specific information available for this product. Contains materials that may be nontoxic.

Section 3: Hazardous Ingredients

	CAS REG. NO.	OSHA PEL	ACGIH TWA	TLV STEL	%
Ethyl Acetate	141-78-6	400ppm	400ppm	200ppm	25-40
N-Butyl Acetate	123-86-4	150ppm	150ppm	200ppm	15-35
Isopropyl Alcohol	67-63-0	400ppm	400ppm	500ppm	01-15
Nitrocellulose	9004-70-0	400ppm	N/A	N/A	05-15

Section 4: First Aid Procedures

Eye contact: Flush eyes with a large amount of lukewarm water for at least 15 minutes, including under eyelids. Seek medical attention

Skin contact: If product is on skin, rinse thoroughly with lukewarm water, and wash contact area with soap and water for 15 minutes. Wash contaminated clothing thoroughly before wearing again. If irritation persists, seek medical attention.

Inhalation: In case of exposure to high concentration of vapor or mist, remove person to fresh air. If breathing has stopped administer artificial respiration and seek medical attention.

Ingestion: If swallowed large amount, seek medical attention immediately.

Section 5: Fire Fighting Measures

Flash Point (°F/°C)	Flammable Limit (Vol %)	Auto-ignition Temperature (Vol %)
82 °F/ 28°C TCC	N/A	N/A

Extinguishing Media : (x) CO2 (x) Dry Chemical for small fire. Use (x) Aqueous foam (x) Water for large fire

Special Fire Fighting Procedures: Remove all ignition sources. Decomposed product will produce carbon oxides. Wear self-contained breathing apparatus and complete personal protective equipment when entering confined areas where potential for exposure

Fire and Explosion Hazards: Flammable. Keep away from intense heat, sparks, open flame. Keep container closed.

Section 6: Accidental Release Measures

Wear eye and skin and personal protective equipment when cleaning up spill. For small spill, wear personal protective gear (goggles, gloves). If spill in-door, ventilate spilled area (open all doors and windows). Keep all sources of ignition away. Clean spilled material with absorbent materials and place them and leaking container into a closed container for disposal. Dispose container in accordance with local, state, and federal regulations. Wash area with water and soap, do not flush contaminated water into drains, sewers and waterways

MATERIAL SAFETY DATA SHEET

Section 7: Handling & Storage

Handling: Avoid contact with skin and eyes. Avoid breathing vapor. Keep container closed when not in use. Avoid prolonged exposure to light. Remove all contaminated clothing, Wash contaminated clothing thoroughly before reuse. Wash skin thoroughly with soap and water after handling. Solvents should not be used to clean skin because of increased potential penetration. Keep materials away heat, sparks and open flame.

Storage: Store in cool, dry place away from heat and direct sunlight and other light source. Store at temperature below 100 °F

Section 8: Exposure Controls & Personal Protective Equipment

General: None required under normal use. For large scale operations where contact can occur, use a face shield, impervious body covering and boots. A safety shower and eye wash facility should be available, provide adequate ventilation (local exhaust ventilation, fans.)

Eye & Face protection: None required under normal use. Avoid eye contact, when handling large quantities, Safety glass, face shield, and splash goggles NIOSH approved to safeguard against potential eye contact.

Skin Protection: None required under normal use. When handle large quantities use Impervious gloves (Neoprene)

Respiratory Protection: No respiratory protection is required under normal use and handling. When exposed to large quantities use full face organic vapor cartridge respirator with particulate pre-filter.

Section 9: Physical & Chemical Property

Appearance		Odor & Odor Threshold		% Volatile	Viscosity	pH	Specific Gravity
Translucent to opaque viscous liquid with various colors & shades		Characteristic acrylate and ester odor		NE	1000-3000 @60°C	N/A	NE
Boiling Point	Melting Point	Octanol/Water Partitioning Coefficient	Decomposition Temperature	Vapor Density (Air = 1)	Evaporation Rate (n-butyl acetate = 1)	Vapor Pressure	Solubility in Water (20 °C)
126°C (259°F)	N/A	N/A	N/A	1.04 - 1.06	0.3 - 0.5	N/A	Insoluble

Section 10: Stability & Reactivity

Stability: Stable Under ambient condition with proper storage

Hazardous Decomposition Products: Fumes produced when heated to decomposition may include: CO, CO2.

Conditions to Avoid: Storage >100°F, expose to light, Flame Electric, Spark, static charge, contamination with incompatible materials.

Incompatibility (material to avoid): Polymerization initiators including peroxides, strong oxidizing agents, copper, copper alloys, carbon steel, iron, rust and string bases.

Hazardous Polymerization: Will not Occur.

Section 11: Toxicological Information

Acute Oral Toxicity	Acute Dermal Toxicity	Acute Inhalation Toxicity	Sub-Chronic Toxicity
Section 2	Section 2	Section 2	Section 2
Irritation - Skin	Irritation - Eye	Sensitization	Mutagenicity
Yes	Yes	Yes	N/DA
Reproductive	Embryo	Teratogenicity	Biological
N/DA	N/DA	N/DA	N/DA
This product has not been tested on animals. Toxicological data are collected from existing scientific literature.			

Section 12: Ecological Information

Ecotoxicological Information

Acute Toxicity To Fish	Acute Toxicity To Algae	Acute Toxicity To Invertebrates	Bioconcentration	Toxicity to Sewage Bacteria
N/DA	N/DA	N/DA	N/DA	N/DA

Chemical Fate Information

Biodegradability	Chemical Oxygen Demand
N/DA	N/DA

MATERIAL SAFETY DATA SHEET

Section 13: Disposable Considerations

Waste disposal must be in accordance to Local, State, and Federal Regulations.

Section 14: Transportation Information

CFR 49 Ground

Qty ≤ 1 liter - Consumer Commodity, ORM-D

Qty > 1 liter - UN1263, Paint, 3, II

IATA

Qty ≤ 0.50 liter - Consumer Commodity, 9, ID 8000- PI-910 Qty ≤ 1 liter - UN1263, Paint, 3, II, LTD QTY- PI-Y305

Qty ≤ 5 liter - UN1263, Paint, 3, II- PI-305

Qty ≤ 60 liter - UN1263, Paint, 3, II- PI-307

IMDG

Qty ≤ 5 liter - UN1263, Paint, 3, II, LTD QTY

Qty > 5 liter - UN1263, Paint, 3, II

Section 15: Regulatory Information

U.S. Federal Regulation:

Clean Air Act: HAP/ODS	No ODS's.
Clean Water Act: HS/Priority Pollutant	This product does not contains any chemicals listed under the U.S. Clean Water Act Priority Pollutant List.
FDA:	This product complies with FDA's CFR subchapter G (cosmetics)
RCRA	This product contains no chemicals considered to be hazardous waste under RCRA (40 CFR 261)
SARA Title III: Section 302, 304	Butyl Acetate, Ethyl Acetate
SARA Title III: Section 313:	None
TSCA Sectin 8(b): Inventory:	This product contains chemicals listed on the TSCA inventory or otherwise complies with TSCA premanufacture notification requirement.

State Regulation:

CA Right-to-know	Butyl Acetate, Ethyl Acetate
MA Right-to-Know law	Butyl Acetate, Ethyl Acetate
NJ Right-to-Know law	Butyl Acetate, Ethyl Acetate
PA Right-to-Know law	Butyl Acetate, Ethyl Acetate
FLRight-to-Know law	Butyl Acetate, Ethyl Acetate
MN Right-to-Know law	Butyl Acetate, Ethyl Acetate

International Regulation:

Butyl Acetate, Ethyl Acetate

Section 16: Additional Information

Hazardous Rating System Health (1) Flammability (3) Reactivity (0)
